Noise level	82.4 db(A) in use
Dimensions (H × W × D)	1041 × 685 × 731mm (without printer)
Weight	90 kg
Manufacturing standards and approvals	ISO9001 CE CUL
Security features	Data is held in non-volatile memory in the event of power failure Programmable key lock limits data access
Options	Token, non-round coin, etc. subject to review Thermal printer Remote display Tamper evident security doors Inspection pan magnet for debris removal with non-magnetic coin sets* Dual bagging up to four denominations depending on coin set Extended inspection pan — up to 10,000 coins (18mm) depending upon coin mix *Not applicable for Euro

Intuitive graphics

Full colour display presents machine status in an easy to view and understandable format.

Tactile keypad

Rubber coated keys are highly durable and provide tactile feedback. Primary use keys are colour coded to speed operation.

Automatic coin feed

The auto feed hopper frees busy operators from managing coin flow by continuously moving coin into the coin sorter.

Bag stop visual alert

Operators are visually alerted when a coin bag is full; pressing the illuminated button after a bag change automatically restarts the coin sorter.

Reject cup

Rejected coins are easily accessible and can be retrieved and inspected while the coin sorter continues operation.
